## Communication from the Board of Directors

Hello Everyone! Welcome 2020,

Things are moving well in our community. We are welcoming bids for a good security system that was approved by members from the long range plan. We are also working on the Clubhouse updating, beginning with the kitchen. We agreed on a kitchen design professional to start our project, and are now getting information on what steps we need to take to keep our clubhouse safe and in good shape for many years to come.

We have had contractors start bids on windows for the front office. We have previously had bids on the roads and will be preparing for that big job done as soon as the weather is ready. You will have updates in the newsletter regarding road work. This month we will be adding a new board member to our team, and a new maintenance person as our previous man (Don) resigned earlier this month. Our newest maintenance hire: Mike, has been working hard to learn all he can about his position in the community. If you see him, please say hello.

The audit came back and there was no deficiency or weaknesses. Great work to the accountant Joanna and office manager Charity.

Once our clubhouse is finished I am looking forward to doing community events every Thursday, I have a list of ideas and am always looking for more. If you think this is something you may be interested in, please let me know! So far I am drafting ideas for parent events, gardening classes, craft classes, movie and board game nights, lots of room for your ideas. This will coincide with the Events Committee.

We live in a wonderful place, thank you all for your support and interest in this community.

Sincerely  
Dayna Brown  
President

## Death Cap Mushrooms Grow in Our Area

Lifecycle of a  
DEATH CAP MUSHROOM

**Please keep an eye to the ground in  
your backyard and when walking  
your dogs.**

**If you suspect your dog has eaten a  
Death Cap Mushroom  
get to a veterinarian  
IMMEDIATELY!!!**

# Valentine's Day Safety Tips

for your pet

Milk chocolate, dark chocolate and even baking chocolate can pose a serious threat to your pet's health if ingested. So how much is too much chocolate? The darker the chocolate, the more Theobromine (the caffeine like ingredient that makes chocolate toxic) it contains.

Symptoms: Vomiting, Diarrhea, increased heart rate, Tremors

Lilies are often added to bouquets during Valentine's Day as a beautiful but dangerous alternative to roses. Cats are notorious for chewing household plants; but if they get a hold of any part of this flower it will mean a trip to the veterinarian. If left untreated, Lilly ingestion can cause kidney failure. Early treatment for this toxin is your cat's best chance at a full recovery.

Symptoms: Drooling, Inappetance, Lethargy

Candy is a staple of almost all Valentine's Day gifts, but steer clear of any Sugar-Free treats as they may contain an artificial sweetener called Xylitol. Ingesting this ingredient causes an unsafe drop in blood-sugar levels that will land your pet in the hospital. If you think your pet has eaten anything with xylitol in it, call your Veterinarian right away as symptoms may occur rapidly after ingestion.

Symptoms: Vomiting, Weakness, Stumbling, Seizures

If your pet gets into some of your holiday gifts this Valentines Day call RVVS at (970) 825-5975 with all your questions!

## ATTENTION DOG OWNERS

Dogs are to be on leashes at all times when outside their fenced yards. This includes all park areas which are river park, little lake park, clubhouse park area, playground by the office and the office area.

Please make sure you are cleaning up after your pet!

**Pet feces is toxic!!**

Thank You!

If your dog is lost and you cannot find him/her, you have options to recover your missing pooch:

Post it on the bulletin board at the Pines Office

**Maintenance Department:** *Mike Hezel*

Email: maintenance@nisquallypines.com, Phone: 360-458-7393, Fax: 360-458-7157

It is the responsibility of all residents, renters & visitors to pick up after their dogs do their business in any public area in The Pines. It becomes a bio hazard for Maintenance and Water departments who work in the easements along the roads.

# Tips from our Water Manager

## Culverts:

The culverts under your driveway are **YOUR** responsibility to keep cleaned out of all debris. Please clear them so the rain will flow in the proper direction.

## Gutters:

Time to clean out those gutters, so they won't overflow, wicking up the plywood on the roof causing rotting of the wood. Also make sure the water is running through the down spout to the ground.

## Water Shut Offs:

In case of a water emergency, do you know where your water shut off to your house is? All houses should have a shutoff of their own for their home. If you don't know where yours is, you may want to call a local plumber to install one. They can put it in pretty easy right where your water line comes into the house. The meter box is Nisqually Pines shut off and should not be accessed by the home owner.

## Garbage Cans:

Your garbage service is on Tuesday, that means there should not be any garbage cans on the road on Wednesday.

Questions? Contact Julie at 360-458-7393 or [waterdept@nisquallypines.com](mailto:waterdept@nisquallypines.com)

## Board Updates

We meet once a month, meetings have been very productive and we feel we are getting a lot accomplished. However, the additional members would allow us to get more accomplished faster. Please come check out a meeting or two and see what is happening in our community and how you can help!

The port-a-potty's will start to be locked up at dusk and unlocked in the morning when the maintenance gets here. The two play area parks will close at dusk and the River Park will close at 9pm.

Persons with disabilities who require accommodation or alternative means for communication of program information should contact (Nisqually Pines at (360)458-7370) at least eight (8) days in advance of this meeting.

Car Owners- Check your front headlights and rear taillights to make sure that they are in working condition.

When walking or riding a bike please wear bright clothing or reflective tape and/or carry a flashlight.  
Remember it is hard for cars to see you at night if you are wearing dark colored clothing.

Thank You!!

## PUGET SOUND ENERGY

### Call 811 Before You Dig

As fall/winter approaches, you may have plans to start construction and landscaping projects. Your friends at Puget Sound Energy want to remind you about the importance of calling 811 at least two business days prior to any digging. It is the law, and utility-owned lines are located for free.

Whether you are planning to use your employees or hire a contractor, start digging means calling 811 before each job. Outline your dig area in white paint so that the utilities will know where to mark. Even homeowners digging on their own property must call, if digging deeper than 12 inches.

Don't take a chance. Call 811 before you dig, then dig by hand within 2 feet of the markings.

Visit their Safety page to learn more about gas and electric safety, and our Business Services page for all your energy needs.

For questions, please email [businessaccountservice@pse.com](mailto:businessaccountservice@pse.com)

### **Snow Removal Policy:**

Effective: January 15, 2020

#### **In the event of snow during normal business hours:**

Maintenance staff will plow:

Areas of priority are:

- 1) Office parking lot so workers and community members can access the lot safely.
- 2) Port Orford Blvd SE (main road) and Clubhouse parking lot
- 3) Arterials (Pepperidge Ln SE, Thuja Ave SE, Heather Ln SE, Holly St SE and Briar St SE)
- 4) Cul-de-sacs

Do not plow the River Park.

Sanding of intersections and icy areas on roadways as needed.

#### **In the event of snow occurring on weekends, holidays or after normal business hours:**

On call staff shall be notified by the board contact.

On call staff will not work over 12 hours per shift for safety reasons with a mandatory 8 hours of not being on duty without prior authorization from board contact.

Areas of priority are:

- 1) Port Orford Blvd SE (main road) and Clubhouse parking lot
- 2) Arterials (Pepperidge Ln SE, Thuja Ave SE, Heather Ln SE, Holly St SE and Briar St SE)
- 3) Cul-de-sacs
- 4) Office parking lot so workers and community members can access the lot safely.

Do not plow the River Park.

Sanding of intersections and icy areas on roadways as needed.

#### **Operations will halt when:**

- a) Roads and parking lots are clear
- b) On call staff has reached maximum hours
- c) Reasonable accomplishments cannot be achieved as determined by Board contact and plow operator
- d) Conditions are too hazardous for plowing to occur safely

#### **Plow Operation:**

If snow is in the forecast the Plow truck needs to be prepared with sand in back and chains located and placed with plow truck for easy access the day prior of holidays or weekends

Persons plowing are not in charge of plowing any private drives and will make every effort not to deposit large amounts of snow in driveways, however we realize this may not be possible dependent on amount of snowfall. Staff operating plow need to exercise caution over speed bumps as to not damage the plow blade.

This policy was developed to provide general guidelines for staff of Nisqually Pines Community. The decision to mobilize the snow plow is a judgement call made by the board contact and the person/person(s) operating the plow based on weather/road conditions.
