Instructions to Make Hummingbird Food

1. Combine 1 part sugar with 4 parts water in a pot on the stove.
2. Heat lightly and thoroughly stir until the sugar completely dissolves. There is no need to boil the sugar water combination.
3. Allow the sugar water to cool to lukewarm or room temperature. Then, add the homemade hummingbird food to your feeder of choice.
4. Hang the feeder outside, and have fun watching your hummer friends enjoy their food!

How often should I change my hummingbird feeder?

To maintain a healthy and safe level of freshness, change out the hummingbird food *at least* once per week. **Every 4 to 5 days is ideal.** In hot weather (over 90 degrees) plan to change it even more frequently. If the hummingbird food in the feeder becomes cloudy, goopy-looking, or moldy, take it down, thoroughly clean the feeder, and then add fresh nectar. Always empty and clean it before adding more. Meaning, do not "top off" your hummingbird feeder with new nectar on top of the old.

Moldy, contaminated hummingbird food can be detrimental to their health

Information from Homestead and Chill

POTATO PANCAKES

6 medium potatoes

1 small onion

2 eggs, slightly beaten

3 Tbsps. Flour

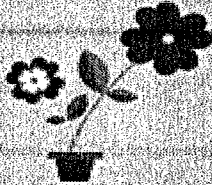

1/4 tsp. pepper

1 tsp. salt

1/2 tsp. baking powder

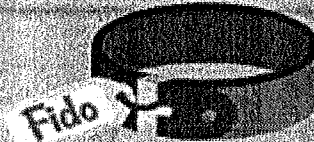

Peel and grate potatoes and onion. Let stand 10 min; drain. Stir in eggs, add remaining ingredients. Drop by spoonful's into hot well greased skillet. Brown on both sides. Drain on absorbent paper towel. Serve hot. Instead of frying, you can bake the potato mixture in a greased shallow casserole in a 350 oven until brown about 40 minutes.

Spring Pet Safety

Plants

Lilies and other seasonal plants can be toxic to pets. Be mindful when choosing your garden or house plants.

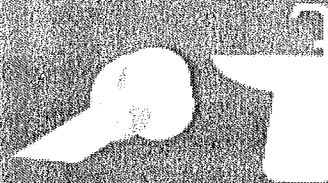

Identification

Collar ID tags should be worn at during outdoor time. Make sure microchip information is up to date.

Cleaning Products

Cleaning products are potential poison threats to pets. Keep cleaners out of reach and secured at all times.

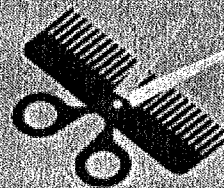

Wash & Disinfect

Clothing, toys, and hands should be cleaned if you think you or your pet have been exposed to a contaminant or show signs of allergies or illness.

Preventatives

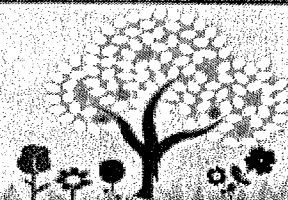

Talk to your veterinarian about parasite protection and prevention against fleas, ticks and mosquitoes.

Grooming

Keeping your pet clean and groomed prevents skin irritations from allergies, fleas and ticks. It also keeps their temperature regulated.

General Outdoor Burning Rules

Check **Permit Requirements** for your area. For instance, all fires within Thurston County require permits.

Do NOT use a burn barrel. Burn barrels and other burn containers are illegal under the state law and their use may result in fines.

Burn only natural vegetation from your own property. Trash burning is illegal and may result in fines up to \$14,915 dollars.

Check the weather prior to starting your burn. Don't burn during air stagnation events nor in windy conditions.

Fires must be attended to at all times and must be completely extinguished.

Do NOT create a nuisance. Your responsible for your fire. Creating smoke, odor and ash that is unreasonable impacts neighbors properties in illegal.

Tips from our Water Manager

Culverts:

The culverts under your driveway are YOUR responsibility to keep cleaned out of all debris. Please clear them so the rain water will flow in the proper direction.

Gutters:

Time to clean out those gutters, so they won't overflow, wicking up the plywood on the roof causing rotting of the wood. Also make sure the water is running through the down spout to the ground.

Water Shut Offs:

In case of a water emergency, do you know where your water shut off to your house is? All houses should have a shut off of their own for their home. If you don't know where yours is, you may want to call a local plumber to install one. They can put it in pretty easy right where your water line comes into the house. The meter box is Nisqually Pines shut off and should not be accessed by the homeowner.

Garbage Cans:

Your garbage service is on Tuesday, that means there should not be any garbage cans on The Pines right-of-ways on Wednesday.

94.1.020 Who are the responsible persons?

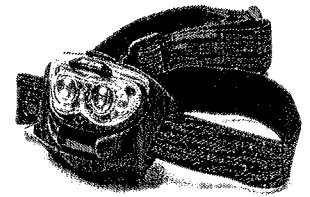

All members are responsible for their own behavior, the behavior of their family members, people living with them, their tenants and the guest of any of these. The Pines is intended to be a peaceful residential community and if members cannot prevent their family, guests or tenants from committing prohibited activities, they should consider not inviting such guest, alternate living arrangements, county law enforcement and mental health authorities, or possible courses of action and resources.

The Pines has jurisdiction over all members of the association. The member is the owner of the “real” property as recorded in the county records.

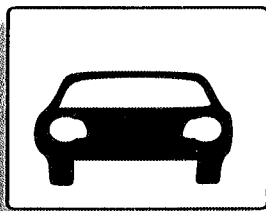

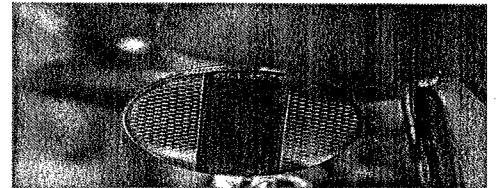

It is staying lighter outside now that spring is upon us but - **PLEASE** be mindful of vehicle traffic!! For your safety, please walk along the edge of the roads or in the easement against oncoming traffic.

Carry a flashlight, head lamp or wear bright colored clothes so you can be seen easier during the twilight and evening hours.

Bicycle riders— please make sure your reflectors work or you have a light so you are more visible.

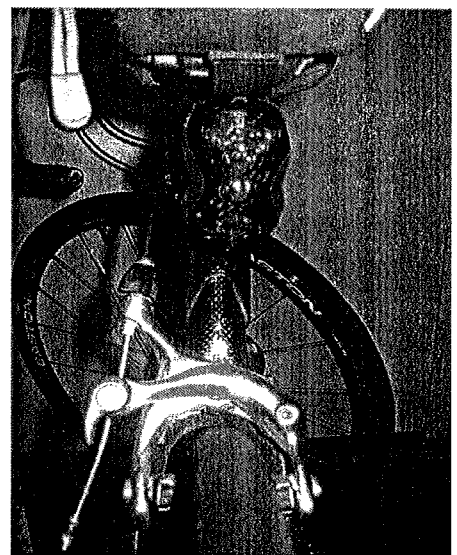

Car Owners— Check your front headlights, rear taillights and brake lights to make sure that they are in working condition.

When walking or riding a bike please wear bright clothing or reflective tape and/or carry a flashlight.
Remember it is hard for cars to see you at night if you are wearing dark colored clothing.

Thank You!!

PUGET SOUND ENERGY

Call 811 Before You Dig

Winter is here- you may have plans to start construction and landscaping projects. Your friends at Puget Sound Energy want to remind you about the importance of calling 811 at least two business days prior to any digging. It is the law, and utility-owned lines are located for free.

Whether you are planning to use your employees or hire a contractor, start digging means calling 811 before each job. Outline your dig area in white paint so that the utilities will know where to mark. Even homeowners digging on their on property must call, if digging deeper than 12 inches.

Don't take a chance. Call 811 before you dig, then dig by hand within 2 feet of the markings.

Visit their [Safety](#) page to learn more about gas and electric safety, and our [Business Services](#) page for all your energy needs.

For questions, please email businessaccounts@pse.com

Roll call of board members: Connie Ihringer, Cory, Parsons, Crystal Detwiler, Mike Cui, and Sherry Odell all present on Zoom. Jennifer Celmer and Dayna Brown absent.

Rules/Civility reminder

Lonnie Rich (Aikens and Sanders) will be via zoom to talk to the board about the results for the last audit. Joanne Sabisch(Accountant) will be a guest

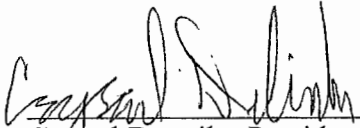

Audit was explained by Lonnie – no issues found in financial records or reporting. Connie asked about timeline for audit and taxes – Taxes cannot be filed until audit is complete and audit cannot be completed until all bills for previous fiscal year have been received. Connie also asked about the tax form being used - Tax form used currently is chosen as it is the one that gets us the best outcomes as determined by our tax accountant.

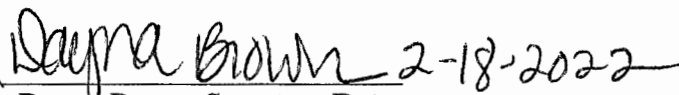

Discussion of selecting a bylaw committee- Crystal

Committee will be set up and prepare to start work in a few months when we have a better view of the upcoming COVID situation. Email will be sent to board members with what the prescribed method will be for standing up the committee based on the bylaws. Crystal will make sure lawyer is aware of the plan and be given an opportunity to provide notes for what should remain and what needs to be updated.

Connie asked about the bill from Bob Howard for clubhouse painting – Crystal will check on why this has not been sent out yet.

Meeting closed at 7:19 pm

Household hazardous waste disposal

Thurston County's HazoHouse

What should you do with dangerous household products? Bring them to Thurston County's HazoHouse!

HazoHouse is **free for residents!** Businesses must register and pay a fee.

HazoHouse is a drive-through facility. For your own safety, please do not walk into the HazoHouse area.

Hours and location

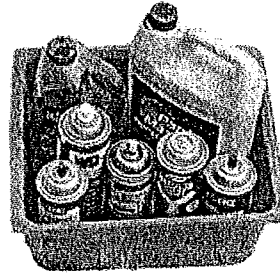

Now open daily: gates open from 8 a.m. to 4:45 p.m.

Closed: New Year's Day, Independence Day, Thanksgiving Day, and Christmas Day.

HazoHouse is located at the Thurston County Waste and Recovery Center, 2420 Hogum Bay Road NE in Lacey.

Important safety information

Prepare items for HazoHouse safely. The risk of fire, explosion and spills exists when transporting hazardous items. Be sure to store items upright in boxes or tubs. **DO NOT** bring items loose in bags! Make sure containers are sealed and not leaking. Store acids and oxidizers separately, away from each other and other hazardous products. Keep the items out-of-reach of children and pets.

When packing items to take to HazoHouse, place similar items together, upright, in boxes or tubs. Do not pile items on top of each other.

Accepted at HazoHouse

To determine if a product is hazardous, look for the words POISON, DANGER, WARNING or CAUTION on the label. Please bring waste in five-gallon containers or smaller. The following items are accepted:

- **Auto products (antifreeze, brake fluid).**
- **Motor oil and filters.** Limit: 5 gallons per customer per day.
- **Cooking oil.** Limit: 5 gallons per customer per day.
- **All batteries EXCEPT standard alkaline.** Limit: 3 car batteries per customer per day. Cover the contact points of the batteries with tape, or place each battery in an individual plastic baggie. Learn more about recycling batteries.
- **Oil-based paint.** HazoHouse no longer accepts latex paint.
- **Thinners and solvents**
- **Solvents and cleaning supplies**
- **Glues and adhesives**
- **Pesticides**
- **Pool and hobby chemicals**
- **Contaminated kerosene and gasoline**
- **Fluorescent light tubes, yard light bulbs and their ballasts.** Limit: 10 tubes or bulbs per day per customer, and 15 ballasts per day per customer. NO broken bulbs or light tubes taped together. Transport them in their original boxes if possible. Learn important safety tips.
- **Propane containers (20 lb. barbecue tanks or smaller).** Limit: 3 propane tanks per day per customer. Accepted tanks include:
 - Standard barbecue tanks
 - Compact camp stove propane canisters (such as the green Coleman single-use fuel canisters)
 - Small, narrow propane cylinders used by plumbers and other contractors (such as Bernz-O-Matic-branded single-use gas cylinders—includes propane, MAPP gas, and other gas combinations).
- **Products containing mercury.** Place thermometers in their original containers or in two plastic Ziploc bags.

NOT accepted at HazoHouse

- Latex paint. Learn how to dispose of latex paint.
- Alkaline batteries from households
- Empty or leaking containers
- Medical waste
- Pharmaceuticals/medications
- Explosives, flares, or fireworks
- Ammunition
- Radioactive wastes
- Smoke detectors
- Fire extinguishers. Discharge extinguisher into a bucket or garbage bag and put in the trash.
- Computers, monitors, TVs, or electronics.

Check our WhereDoITakeMy? database to find locations to dispose of these and other items.
