### **94.1.005 What gives Nisqually Pines the Authority to create rules and regulations?**

The Declaration of Protective Restrictions, Articles of Incorporation and the Bylaws are the primary source of the Board's authority to create rules and regulations for Nisqually Pines. It was from these governing documents that Resolution 94.1 was created.

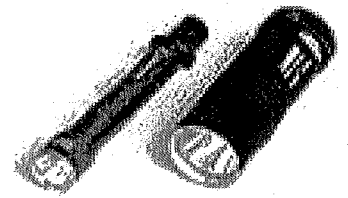

**RCW 24.03** Non-Profit Statute and **RCW 64.38** Homeowners Association Statue also provide the Board the authority to create rules and regulations.

### **94.1.010 What is the Purpose of Resolution 94.1?** The Articles of Incorporation states:

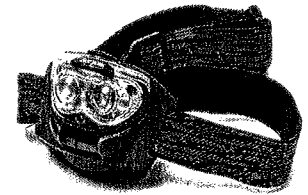

**Article Two:** "The objects and purposes for which this corporation is formed are and shall be to further and promote the community welfare of the owners real property...to make said property a better place in which to live and enjoy life,...."

Nisqually Pines Community Club (The Pines) is a residential community. The majority of residents are peaceful and quiet, and prefer a calm residential environment. However, increases in development and population have resulted in rising criminal and hazardous activities, domestic problems and violations of member's rights and property. These activities threaten the peace and quality of life for residents, their families, guests, tenants and independent security personnel within The Pines. Therefore, the purpose of 94-1 is to provide consistent rules and regulations for The Pines.

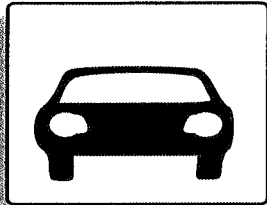

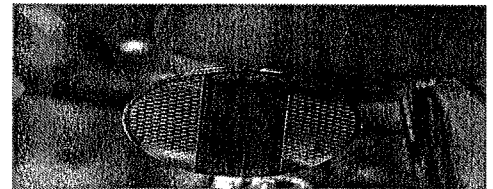

With daylight increasing a little each day we still need to pay attention as we are out and about - **PLEASE** be mindful of vehicle traffic!! For your safety, please walk along the edge of the roads or in the easement against oncoming traffic.

Carry a flashlight, head lamp or wear bright colored clothes so you can be seen easier during the twilight and evening hours.

Bicycle riders— please make sure your reflectors work or you have a light so you are more visible.

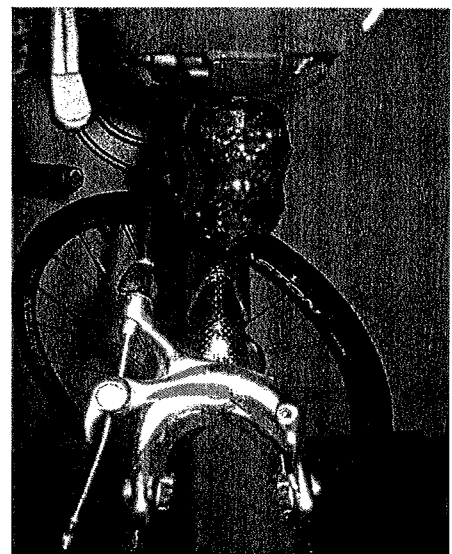

Car Owners— Check your front headlights, rear taillights and brake lights to make sure that they are in working condition.

When walking or riding a bike please wear bright clothing or reflective tape and/or carry a flashlight.

Remember it is hard for cars to see you at night if you are wearing dark colored clothing.

Thank You!!

## PUGET SOUND ENERGY

### Call 811 Before You Dig

Winter is here- you may have plans to start construction and landscaping projects. Your friends at Puget Sound Energy want to remind you about the importance of calling 811 at least two business days prior to any digging. It is the law, and utility-owned lines are located for free.

Whether you are planning to use your employees or hire a contractor, start digging means calling 811 before each job. Outline your dig area in white paint so that the utilities will know where to mark. Even homeowners digging on their on property must call, if digging deeper than 12 inches.

Don't take a chance. Call 811 before you dig, then dig by hand within 2 feet of the markings.

Visit their Safety page to learn more about gas and electric safety, and our Business Services page for all your energy needs.

For questions, please email [businessaccountservice@pse.com](mailto:businessaccountservice@pse.com)

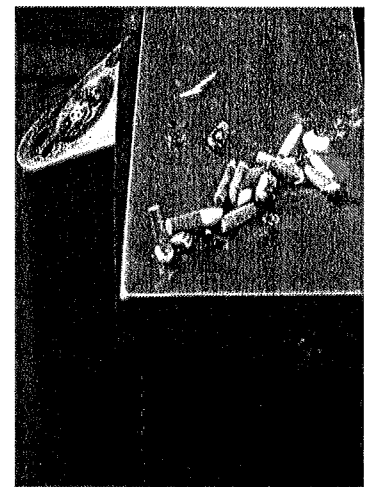

### PARK TRAIL

The trail from Heather to the River Park is "Use at your own risk" due to the storm damage and erosion.

### LITTERING

50% of litter is cigarette butts. It can take anywhere from 18 months to 10 years for a cigarette filter to decompose
